# Ordering process

1. To order a product you have to place the desired product into the shopping cart. You can specify the amount on the product page of a product, that you wish to place into the shopping cart. Just click into the input field, type "2" as the desired amount and confirm by clicking on the "Add to basket" Button.

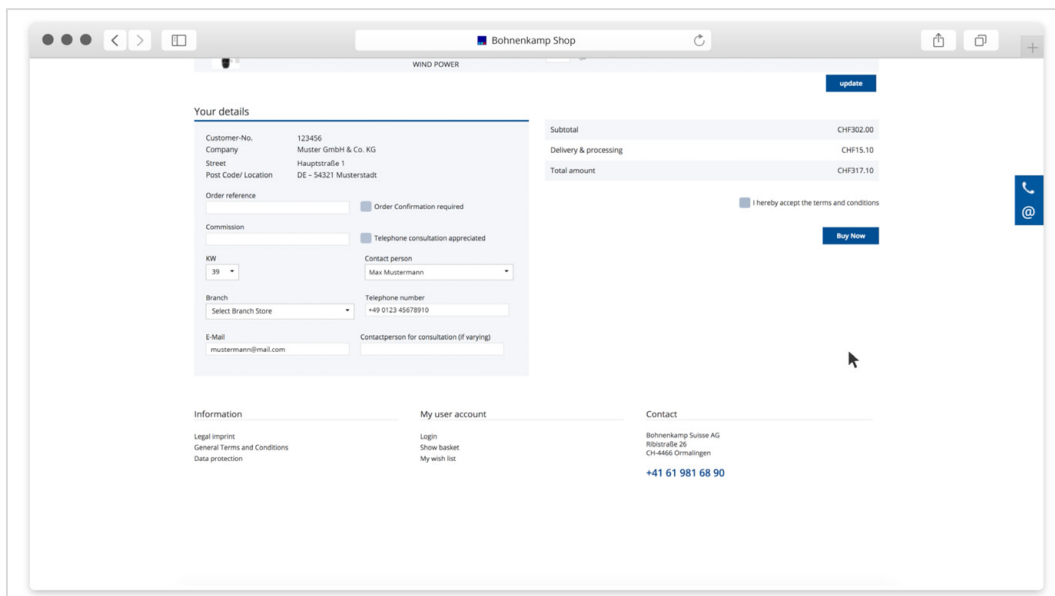

2. To review your entire shopping cart click on the respective button in the menu. To adjust the amount of products in the shopping cart just alter the input field accordingly. When you confirm your adjustments the total sum will update.

3. Click on „Go to checkout" to get to the order overview.

4. Before placing the order, please review all data. Especially your delivery address, your telephone number and your e-mail-address. If your data is correct don't forget to accept the terms and conditions by clicking on the checkbox. Press the "Buy Now" Button to place the order as displayed.

5. If the order was successful, you will be redirected to the order confirmation page. To continue shopping just navigate to the desired area in the main navigation or press on "continue shopping" and you will be redirected to the main page.
